Attention -- A Proposition.

The undersigned proposes to furnish the Democrat and Sentinel, during the approaching campaign to new subscribers at a reduced price to clubs, for the period of four tober upon the following terms.

5 copies to one address, " " 5 00 " " 8 60

We thus offer the paper below cost, being at the rate of \$1 80, 81 50 and \$1 20 per year, for the purpose of getting it into more general circulation. There are 1500 Democrats in the county, who do not take a county paper. This can all be avoided; if our Democratic friends sacrifice a little time in trying to get their neighbors to subscribe for the paper. A Club of ten (\$5 00) can some one will make the effort. We have our friends in the different boroughs at their neighbors.

No attention will be paid to orders, unl accompanied by the cash.

Ebensburg, Pa. "Vengence is Mine Saith the Lord!" The ways of Providence are inscrutable. The way of the transgressor is hard. There seems to be an insatiable and remorseless Nemesis on the track of those architects of ruin who led the people astray, who divided the Union, provoked civil and bloody war, and piled a Francisco, California, and dismissed the mountain of debt upon the shoulders of the sweating, toiling million. Violent deaths by suicide or by accident, among prominent Abolitionists, have become proverbial-so much so, that they have become startling. Not long ago, Preston King, Collector of the Port of New York, make-weight to keep him down, and jumpand now the notorious Jim Lane, U.S. Senator from Kansas, has blown his brains out with a pistol. Preston King kept watch and ward over the President the day poor Mrs. Surratt was hung; and when her weeping and anguished and broken-hearted daughter came to make a last and final appeal to the Executive clemency, to save her mother from the gallows, denied her admission. The stricken girl threw herself prone upon the stairs, and almost shricked and sobbed her life away; many persons were moved to tears by the agonizing spectacle; but it did not soften the stony heart of the Janitor. Jim Lane was a border ruffiana free State border ruffian-in the early troubles of Kansas, during the administrations of Presidents Pierce and Buchanan, and won just such notoriety and popularity by his bold and daring defiance of the laws, as made him an acceptable leader and representative man of the Black Republican party. He belonged to a school of men-of which we, alas! have too many in these degenerate days-whose cry, like the bittern, is heard only in the storm and the tempest, and whose ominous croakings are stilled in the reign of tranquility and of peace.

These men have both gone to their long accounts by death inflicted through their own agency. The goadings of a guilty tained, and peace bless the whole country." and "coward" conscience drove them to their end shall be like theirs?

Mr. EDITOR :- Prior to the meeting of the late Democratic County Convention, a report, originating in Ebensburg, was industriously circulated in various parts of the county, that I had received money from Simon Cameron, for the purpose of on, a fourth was playing a lively tune on securing my nomination by the Convention, for Assembly. When I heard it, I treated it with the silent contempt which I knew it deserved, nor would I now refer to it, were it not that the men who concocted it, still persist in repeating it. My reply to the slander, is simply, that within the last eleven years, I have never met Sonon Cameron but once, and that was in Harrisburg, just three years ago. Neither Smon Cameron nor any other man, ever sent me one dollar, with which to advance my political interests in this County, and if I spent any money, it was my own, and was invested for legitimate and honorable purposes. I now consign the slander to the same political grave, in which its cowardly originators ought for-

We hope the Democracy will take the matter up, not only in Ebensburg, but every part of pay of members to \$10,000 a year, and the county where it is practicable. Let us go into the present contest bare-armed, letting nothing undone that will subserve to the great principles involved in the present

> DISHONORABLY DISMISSED. - Captain Philip R. Forney, 14th United States Infantry, (a son of Col. John W. Forney,) was recently tried by court martial at San service. The charges of which Captain Forney was found guilty were disobedience of orders and conduct unbecoming an officer and a gentleman. The sentence of the court has been confirmed by the commanding General.—National Intelligencer.

The New York Tribune says young Forney was dismissed for "having failed tied a bag of shot around his body as a to report to his regiment after repeated orders, and having given in payment for a ed off a steamboat into the Hudson river : | debt a check signed by himself, in his official capacity, on a banking house where he never had any money deposited."

Col. J. P. Linton. The Democracy of Cambria, at their county convention on the 27th, nominated Lt. Colonel John P. Linton for the assembly, to succeed Hon. Cyrus L. Pershing. The Colonel's nomination (which is equivalent to election) is not a mere recompense for his defeat last fall for Surveyor General, through the ingratitude of the self-styled "soldiers" friends," but is mainly due to his integrity, energy of character and ability. Mr. Pershing, who has so long and ably represented the county, declined being a candidate. For Congress the same convention selected Robert L. STRAWS, &c. - At a festival held in Mechanicsburg, the blackest hole, (in a political sense,) in Cumberland county, an engraving of Washington was put up to be voted for by the respective friends of Hon. > Starting Rumor.—There is a rumor afloat that Thad Stevens is demented, and his friends are keeping a strict watch over him, fearing he may destroy his own life. The cause of this malady is supposed to be a fear that he will not be able to get a bill through Congress, that he has lately framed, which is to furnish all the negro wenches of the South with "lying in expenses" from out the National Treasury. He can get that bill through in a "jiffy," without any trouble. Only let him crack his whip.

Good News to Tax-Payers .- It will be refreshing news to the over-burthened tax-payers to learn that a proposition has indomitable Democracy of Pennsylvania been made in Congress to increase the and their patriotic allies in the approachtraveling expenses to boot, and that the project meets with much favor in the body. They now receive \$3,000 per annum, and will have to pay the piper.

WILLIAMS, Esq.—The Union Free Press, published in Kittanning, under the management of our old friend Wm. McWilliams, is the neatest and prettiest paper in the State. It is the organ of the Republican party of Armstrong county, and deserves the generous support it receives. Mack is a good fellow and an artistic printer. Hope he will have more than a printer's reward for his toil.

THE Bedford Gazette says there is considerable talk in political circles in reference to the withdrawal of General Geary as the Radical candidate for Governor. We hope not. He is our favorite candidate, not on account of his ardent professions of "life-long Democracy" made in his letter to Major Samuel Maguire, but because he is the weakest man that could possibly have been nominated by the Rumps. Do let him run!

THE REPUBLIC, the new Republican Johnson paper, published in Pittsburgh, and so ably edited by N. P. Sawyer, Esq., is about the neatest, sprightliest and most enterprising of the Pittsburgh Dailies, and is getting better and better every day .-The terms of the Daily are:-Single copies, 2 cents; per week, 10 cents; per year, \$5.00. "Vaulting ambition overleaping itself," was never more strikingly exemplified than it was by Forney the other day at Lebanon, announcing himself a candidate for the Senate of the United States. The boldness of his avowal and that he intends to stump the State in favor of himself, have aroused other aspirants, and already ble throughout the State. Here at home If this occurrence had taken place the Gazette and the Commercial have already said sharp things to each other, in connection with the Senatorial question. Forney made a mistake which will be taken advantage of by his more wary antagonists, and especially by the crafty, stealthy, and indomitable Cameron .-When Forney was re-elected Clerk of the House of Representatives in 1858, he, in a speech to his admirers who were congratulating him upon his triumph, compared himself to Mazeppa. Modesty, however, never troubled Forney, and his announcing himself a candidate for the United States Senate, determined to stump the State in his own behalf, does not look that even prudence comes to him with increasing years. Considering the public record of Forney one would shrink from a position which would cause its ventilation, but his vanity is enormous and his ambition towering. Sir Giles Overreach never longed more intensely to make his daughter "right honorable" than the dead duck sighs for the cushioned chair now occupied by Mr. Cowan. Gov. Curtin has signed the bill disfranchising non-reporting drafted men, and the Supreme Court not having determined the constitutionality of the net of Congress of March 3, (upon which decision the validity of the State law rests,) it is essential that all bonorably discharged soldiers should preserve their discharge papers, and that all persons who were enrolled for the draft and secured exemption for any and every cause should preserve the papers furnished them by the boards of enrollment.

All those papers will have to be preserved with scrupulous care, because it is likely, (and proper enough too,) that all persons who were enrolled or who have been in service will be required to show their qualifications as electors. It will be very annoying and irritating, no doubt, especially to veterans who have served their country faithfully during the war to

Through the whole long night the conflagration seems to have spread upward and onward, entirely unchecked, along the principal commercial streets, enveloping and destroying in its march the Custom-house, the splendid city and county buildings, eight churches, nearly all the principal newspaper offices, the chief hotels, and the whole of the News Items.
